Georgia's Technical Skill Attainment Inventory 2021-2022

Georgia, like many other career and technical education programs around the nation, has worked in recent years to establish a measurement mechanism to ascertain the level of technical skill attainment on behalf of its career pathway completers. Georgia's measurement process has been derived in direct response to the Perkins IV Legislation, specifically, Core Indicator 2S1 which requires states to implement a valid and reliable assessment model linked directly to industry validated standards.

In working to identify existing assessment (or credentialing) opportunities that would not only support the mandates set forth in the Perkins IV Legislation, but would also support Georgia students in their quest to leave high school with valuable credentials, the state's technical skill attainment inventory will be comprised of several measurement components:

- industry certifications/credentials
- occupational assessments, and
- state licensures and state developed assessments

Overview of EOPA Application

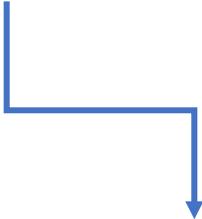

The End of Pathway Assessment (EOPA) test takers application is pre-populated from Student Class with students who will complete a pathway during the current school year.

These students must be reported in the current year Student Class collection and must report a completed CTAE Pathway course with credit this school year in order to be considered an EOPA Pathway completer.

Who should be reported in the EOPA Application

Current Year Student Class

Student must be reported in current year Student Class in grades 9 -12 and have the 3rd class of an EOPA Pathway in their schedule.

Student Earned Credit for CTAE course in current school year

One course record must be reported in the current year Student Class collection for a student where credit is earned for a CTAE course tied to the same pathway.

EOPA Application

When the EOPA application becomes available after Student Class sign off, each district will flag students that took a pathway assessment and indicate whether the student passed the assessment. EOPA records may be updated using one or more of the following options.

Three options for updating EOPA records:

1. **Pathway Completers Online Entry** – Use this option to access the pre-populated list of pathway completers (eligible test takers). From this list, you can indicate whether the student took the End of Pathway Assessment and whether the student passed the assessment.
2. **Add Students Online** – Use this option to add students that successfully completed a pathway during the FY2022 school year and are not already in the pre-populated list.
3. **Upload Records** – Allows districts to upload student data directly into the EOPA application. Use the EOPA File Layout located on the EOPA Main Menu – under ‘Current Documentation’.

3-Upload Records

Things to remember when uploading an EOPA extract file:

1. The upload file should include students who have taken an assessment this school year while enrolled at that school.
2. The **GTID** reported for a student must match the **GTID** reported in Student Class.
3. The Assessment Code must match a valid assessment code listed on the CTAE EOPA Assessment Codes (CTAE End of Pathway Assessment Courses, Exam Codes and Exam Titles) document posted on the Data Collections website.
4. The **FISCAL YEAR**, **SYSTEM CODE**, and **SCHOOL CODE** must be valid codes and must match the codes reported in Student Class.

3-Upload Records

Things to remember when uploading (continued):

5. Errors must be corrected at the source (typically in the SIS) and a new extract file will need to be uploaded. There is no option for online error correction.
6. Ensure that all EOPA test takers have been properly flagged and are free of errors.
7. The reports include error-free records only. This means that the District Summary and Sign Off Report will not include any students with errors on the EOPA error report.
8. Each district must *verify* that **no errors remain on the error report before the Superintendent signs off** on the district summary report.

EOPA Eligibility Report

Please Note:

- Only students on the EOPA Eligibility Report will be included on the pre-populated pathway lists (Pathway Completers Online Entry) in the EOPA application. The student's Eligibility Status on the report will be 'In Progress' or 'Eligible'.

Students included on the EOPA Eligibility Report

EOPA Eligibility Report

The 'EOPA Eligibility Report' will show students reported in the current year Student Class collection who are in grades 9-12 that are either 'In Progress' or 'Eligible' to take the EOPA assessment. To show on the report, the student must report a CTAE pathway course in the current year Student Class collection; the remaining courses must be in the student's course history.

- ❑ **IN PROGRESS** - Student has successfully completed TWO (2) CTAE courses for a pathway and earned a unit of credit for each course (Total of 2 units) and is currently taking the 3rd CTAE course for the pathway.
- ❑ **ELIGIBLE** - Student has successfully completed the Third CTAE courses in a pathway the current school year and earned a unit of credit for each course (Total of 3 units).

Which Students Appear on the Eligibility Report

Current Year Student Class

Student must be reported in current year Student Class in grades 9 -12.

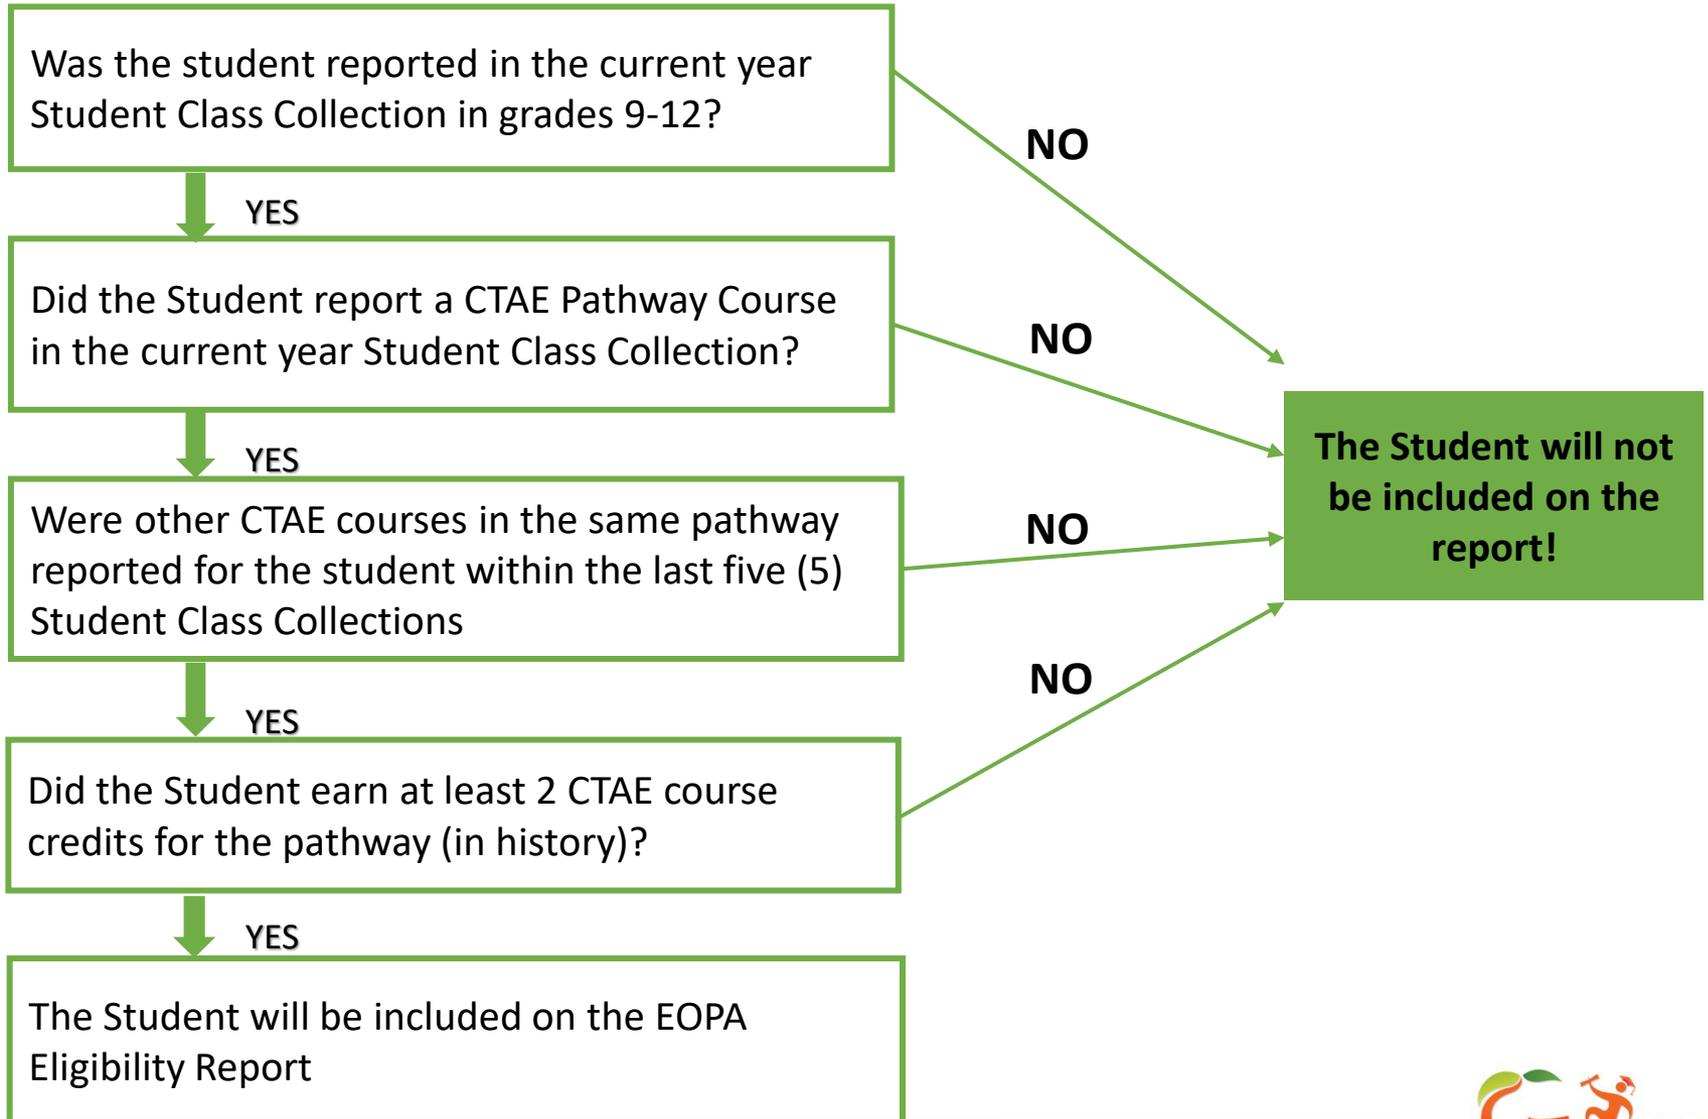

Other CTAE courses for pathway in course history

The student has two courses completed for the pathway with two units of credit earned between FY2018 and the prior year Student Class collection.

Student Earned Credit for CTAE course in current school year

One course record must be reported in the current year Student Class collection for a student where credit is earned for a CTAE course tied to the same pathway.

Question and Answer

- Q. I have a student that completed the first course of a pathway last year. This year he is taking the other 2 courses in the pathway. Why isn't he on the EOPA Eligibility Report?
- A. Only students that have completed 2 courses and are currently enrolled in the third course of a pathway appear on the EOPA Eligibility Report.

You can add the student using Add a Student Online (option 2 on slide 7) or Upload a File (option 3 on slide 7).

Reasons Why a Student May Not Appear on the EOPA Eligibility Report

➤ **Reasons why a student may not be on the report:**

1. The student did not complete a pathway in 2022.
2. The student does not have a total of 3 units of credit for the courses taken in the pathway.
3. All of the student's course data was not reported over the past 5 years to present Student Class cycles. (Students who transfer in with CTAE credit have to have those courses entered in the EOPA Application as they were in the student's transcript.)
4. The student has historical course data from periods outside the Student Class cycle (like summer school).
5. Student completed a pathway this year, but there is no assessment tied to that pathway.

EOPA Eligibility Report - Reminders

❖ Remember:

1. Student Class collects data related to the current school year.
2. The EOPA course data is matched based on the GTID.
3. The EOPA Eligibility Report is located on the *Student Class Menu* in Student Class *AND* the EOPA Main Menu.
4. The Eligibility Report may be used to **verify** students that completed a pathway this school year.
5. The Eligibility Report will enable districts to determine, in advance, which students will be pre-populated in the EOPA application.
6. Students that are not included on the Eligibility Report may be addressed directly in the EOPA Application once the district has signed off on Student Class and has full access to the EOPA Application.

EOPA Reminders

❖ Reminders for FY2022 EOPA:

- The EOPA Eligibility Report will be available in Student Class in May
- The district Superintendent must sign off on Student Class before the EOPA application is available for the district.
- **EOPA Superintendent sign off is required for all districts** - even if no students were reported as completing a pathway.
