Overview of EOPA Application

The End of Pathway Assessment (EOPA) Test Takers application is prepopulated from Student Class with students identified as pathway completers during the current school year.

These students must be reported in the current year Student Class collection and must report a completed CTAE Pathway course with credit this school year.

Which Students Appear on the Eligibility Report

Current Year Student Class

Student must be reported in current year Student Class in grades 9 -12.

Other CTAE courses for pathway in course history

The student has two courses completed for the pathway with two units of credit earned between FY2018 and the prior year Student Class collection.

Student Earned Credit for CTAE course in current school year

One course record must be reported in the current year Student Class collection for a student where credit is earned for a CTAE course tied to the same pathway.
