Definitions

1. **Active:** An active student is a student who has an Enrollment Record with an **ENROLLMENT DATE**, but the **WITHDRAWAL CODE** and the **WITHDRAWAL DATE** are blank. If multiple Enrollment Records are submitted for a student from one school, an active student is one whose latest Enrollment Record has an **ENROLLMENT DATE** and no **WITHDRAWAL DATE**.
2. **Inactive:** Inactive refers to a student that has withdrawn from school. This is indicated in the Enrollment Record by data transmitted in the **WITHDRAWAL CODE** and **WITHDRAWAL DATE**. If multiple Enrollment Records are submitted for a student from one school, an inactive student is one whose latest Enrollment Record has an **ENROLLMENT DATE** and a **WITHDRAWAL DATE**.
3. **Part-Time Student:** A part-time student is a student who is reported with three (3) or less funded segments (of any class that has > zero weight) in FTE 1 or FTE 3. If the student has more than three (3) segments in either FTE 1 or FTE 3 (of any class that has > zero weight), then that student will be considered full-time, and a full schedule of courses must be reported for the student in Student Class.
4. **Record:** A set of data that represents a single entry for one of the six eight levels of data in this document. Five of the record types may have multiple records for a single student. They are Course, Student Safety, Enrollment, Special Education, and Program record types. See record descriptions defined above.
5. **Edit:** An integrity and validity test on data transmitted. There are two types of edits: errors or warnings.
6. **Error:** A type of edit that causes a record to be rejected and not processed. An error message is generated and provides the reason the data did not pass the edit. **Note: Data in records with errors is not included in reports.**
7. **Warnings:** A type of edit that causes a record to be accepted, processed, and reported but the data are flagged for verification purposes. A warning message is displayed that provides the reason the data are flagged.
8. **Data Element ID:** The identifier used for the data element on the Student Record Data File Layout. Some System, School, Student, Enrollment, Course, Special Education, Student Safety and Program level elements have the same data elements, but each has a Data Element ID that starts with a 3-digit letter abbreviation. These data elements in common create a key. They indicate a relationship among several data elements.
9. **Layout ID:** The identifier used for the data element on the Student Record Data File Layout to specify the order of the element in file layout. Each layout ID is unique.

Overview of Record Types

SYSTEM LEVEL RECORD (Layouts A01)

- Information compiled at the district office for the entire system. One (1) A01 record is transmitted for each school system.
- Error Messages: An error message “E001” is automatically generated whenever an upload file does not contain System Level data. **Districts will not be able to sign off with an E001 error.**

SCHOOL LEVEL RECORD (Layout B)

- Information compiled at the school level. One (1) record is transmitted for each school in the school system. The collection of data for **counseling services is no longer collected** through the Student Record data collection.
- Error Messages: Error message “E002” is automatically generated whenever an upload file does not contain School Level data.

STUDENT LEVEL RECORD (Layout C)

- Data compiled at the student level. One record is transmitted from a school for each student enrolled at that school at any time during the school year.
- One record is transmitted for each student who attended this school this school year, regardless of the number of times the student enrolled or withdrew from this school. A Student-Level Record must also be submitted for each student who attended this school last year and have a Withdrawal Record submitted this year.
- Data in the Student Level Record includes demographic data elements as well as data elements that describe a student’s participation in special programs, such as the Gifted program, Title 1 supported programs, and ESOL program. These data elements are not time sensitive. If the student participated in a special program at any time during the school year, that participation should be reported, even if the student is no longer in the program at the end of the school year.
- One (1) record must be submitted for each student regardless of whether the student is active or inactive at the end of the school year.
- A student may have multiple records within a system if the student was enrolled at different schools at different times within that system.
- **‘No-show’** students are not reported in SR unless the student subsequently enrolls in the district/school after FTE Cycle 1. A ‘No-Show’ student is a student who is not in attendance on the first day of school but expected to be based on prior year enrollment.
- Error Messages: An error message “E003” is automatically generated whenever an upload file does not contain Student Level data.

ENROLLMENT LEVEL RECORD (Layout F)

- A student may have multiple Enrollment Records submitted if the student entered and withdrew more than once during the school year. Any student reported with an Enrollment Record must have a corresponding Student Level Record. Likewise, if a student level record is reported for a student, there must be at least one corresponding enrollment record.
- The Enrollment Record contains data elements related to an enrollment/withdrawal record for a student. Every student reported as active in any other data collection (FTE 1 or 3) must have at least one Enrollment Record with a **SCHOOL ENTRY DATE**. When a student withdraws, the **WITHDRAWAL DATE** is entered into the same Enrollment Record.
- If a student re-enrolls, another Enrollment Record is created. Every Enrollment Record must have a **SCHOOL ENTRY DATE**. If there is no **WITHDRAWAL DATE** in the same Enrollment Record, the student is considered active. An Enrollment Record cannot have a **WITHDRAWAL DATE** without a **SCHOOL ENTRY DATE**.
- Attendance data for that period is reported on Enrollment Record. The data elements **DAYS PRESENT** and **DAYS ABSENT** in an Enrollment Record are specific for the enrollment period in that specific Enrollment Record. If a student has multiple enrollment records at a school during a school year, then each Enrollment Record should reflect the number of days the student attended and was absent between the **SCHOOL ENTRY DATE** and the **WITHDRAWAL DATE** in that Enrollment Record.

PROGRAM LEVEL RECORD (Layout K)

- One record for a student should be reported for each assignment to a program (Alternate Ed, GNETS, Charter Career Academy, and Extended Learning Time). As such, a student could have multiple program assignment records reported.
- Because a student may have concurrent assignments to different programs, the program dates in multiple program records can overlap for the same student in the same reporting school.
- A student cannot have more than one record per **PROGRAM TYPE** and **PROGRAM CODE** for the same period of time.
- A Program Level record is not reported for a student if the student did not have any program assignments.

SPECIAL EDUCATION LEVEL RECORD (Layout G)

- The Special Education Level Record is designed to collect timeline data for students with disabilities as well as students evaluated for special education services. Data is reported at the student level. Events should be reported by the district/school where the student is active.
*** The letter "1" is not used for a record level identification as it can easily be confused with the number one [1].*

STUDENT SAFETY LEVEL RECORD (Layout E)

- The Student Safety level record contains data elements related to a safety event (Incident) for a student, which must be reported according to federal and state guidelines. A student may have more than one (*multiple*) Student Safety Records or may not have any to report.
- See the Student Safety Record layout (E) for **INCIDENT TYPES** and **ACTIONS** that must be reported.
 - ✓ If a student has committed an infraction that has **INCIDENT TYPE** that must be reported, then both the **INCIDENT TYPE** and the **ACTION** must be reported, even if the **ACTION** taken is not, by itself, required to be reported.
 - ✓ Similarly, if a student has committed an infraction that has **ACTION** that must be reported, then both the **INCIDENT TYPE** and the **ACTION** must be reported, even if the **INCIDENT TYPE** is not, by itself, required to be reported.

STUDENT ADDRESS LEVEL RECORD (Layout H)

- Data compiled at the student address level. One record is transmitted from a school for each student enrolled at that school at any time during the school year.
- One record should be transmitted for each student who attended this school, this school year, regardless of the number of times the student enrolled or withdrew from this school.
- **A student cannot have more than one Address record for a school.**
- Data in the Student Address Level Record include demographic data elements for the address where the student currently resides, including the street address, city, state, and zip code.

See Student Safety record layout for matrix of valid combinations for the reporting of the **DATA TYPE INDICATOR, INCIDENT TYPE, CONTEXT AND LOCATION, and ACTION CODE**.

Data Type Indicator Code	Descriptions	Level of Severity
1	This record is a complete record containing both an incident and action completed. Every INCIDENT NUMBER must have a record with a DATA TYPE INDICATOR of 1.	If the DATA TYPE INDICATOR is '1' or '2', then the LEVEL OF SEVERITY should be reported.
2	This record contains a multiple incident entry for a given INCIDENT NUMBER . A record with a DATA TYPE INDICATOR of '2' is a continuation of a multi-incident event. The record with the DATA TYPE INDICATOR of '2' must have the same "key" information as the preceding line with the DATA TYPE INDICATOR of 1. The ACTION CODE must be '00' for this record.	
3	The record contains a multiple action entry for a given event. A record with a DATA TYPE INDICATOR of '3' is a continuation of a multiple action event. The record with the DATA TYPE INDICATOR of '3' must have the same "key" information as the preceding line with the DATA TYPE INDICATOR of '1'. The INCIDENT CODE must be '00' for this record. The **DATE ENTERED NINTH GRADE** cannot be a future date, nor can it equal the student's **DATE OF BIRTH**, or include a year value that is less than 2000.

*NOTE: For those students who enter school for the first time at a late age (age is equal to or older than '18' by September 1) and are NOT placed in 9th grade, the district should leave **DATE ENTERED 9th GRADE** blank. The student will receive error E071, which can be relieved by submitting an error relief comment. To be relieved, the student should not have recent Enrollment history in GA.*

DATE OF BIRTH

DATE OF BIRTH is the date of the student's birth. Enter the **DATE OF BIRTH** in the format `yyyymmdd`. Students should not be less than 5 (five) years old unless enrolled in a special education preschool program. Special education students may be as young as 2 years old if transitioning from Babies Can't Wait. The student's age is calculated as of September 1st of the school year based on the **DATE OF BIRTH** reported.

DATE OF ELP SCREENER

The **DATE OF ELP SCREENER** is the testing date a student is screened for the EL program and is determined to be an English Learner (**EL** = 'Y') student. The date must be in the format `yyyymmdd`. All new **EL** students, even those from out of state, must have a date for their first EL screener.

DATE OF ENTRY TO U.S. SCHOOLS

DATE OF ENTRY TO U.S. SCHOOLS is the date the student first enrolled in school in the United States. The date must be in the format `yyyymmdd`. The date is required if the student was born outside the United States. It is optional for students born in the U.S., who left the country prior to attending school and are subsequently enrolling in a U.S. school. Under Section 3301(14), a student is considered 'born in the U.S. if born in one of the 50 States, the District of Columbia, or the Commonwealth of Puerto Rico. **DATE OF ENTRY TO U.S. SCHOOLS** is required for International Exchange Students.

DATE STUDENT BECAME ELIGIBLE FOR ALTERNATE CONTENT STANDARDS (ACS)

This indicates the date the student was identified as a student needing an alternate assessment (**ACS** = 'Y'). The date must be in the format `yyyymmdd`. This would be the date of an IEP or IEP amendment meeting in which the **ACS** decision was changed.

DATE STUDENT IDENTIFIED NO LONGER ELIGIBLE FOR ALTERNATE CONTENT STANDARDS (ACS)

This indicates the date the student no longer qualifies for the **ACS** (**ACS** = 'N'). The date must be in the format `yyyymmdd`. This would be the date of an IEP or IEP amendment meeting in which the **ACS** decision was changed.

DAYS ABSENT

DAYS ABSENT is the total number of school days for which the student was absent from the reporting school during this school year. **DAYS ABSENT** must be in the range 0-179. Count of all days for which the student was absent more than one-half of the instructional day. Students may make up absences through Saturday school programs if the time and content provided is equivalent to the regular school day requirements.

Include only the days the student was absent from this school, not the **DAYS ABSENT** in any other school, even if the student came from another school in this same school system. If the student was withdrawn for part of this school year, report all days absent from this school for that enrollment record. If the student has enrolled and withdrawn multiple times during the year at the same school, the total **DAYS ABSENT** from each school for each enrollment record should be reported. Do not

include days “off roll” in the total of **DAYS ABSENT**. See **UNEXCUSED DAYS ABSENT** for subset of the days absent total.

DAYS PRESENT

DAYS PRESENT is the total days the student was present for at least one-half of the instructional day during the enrollment period. **DAYS PRESENT** must be greater than zero and cannot be greater than 180 within school. Blanks or decimals are not allowed.

NOTE: If the student was withdrawn for part of the school year, report all days’ present in this school for that enrollment record.

DIPLOMA TYPE

DIPLOMA TYPE indicates the type of diploma earned by a high school graduate.

Note: Students who have received a regular high school diploma (General diploma) are no longer eligible for enrollment. This is referenced in SBOE Rule 160-5-1-.28 STUDENT ENROLLMENT AND WITHDRAWAL and O.C.G.A. 20-2-150.

DIPLOMA TYPE	Description
S	Special Ed
A	Certificate of Performance
G	General Diploma
L	Alternate Diploma (students who entered 9 th grade in the 2020-2021 academic year or later)

DISCIPLINE PROCESS

DISCIPLINE PROCESS identifies the procedural options available to a student who is suspended (OSS), expelled, or assigned to an alternative education program for disruptive students. Codes are required for out-of-school suspensions greater than 10 days, for expulsions, and for assignments to alternative school due to disruptive behavior.

Valid values are:

- 01 - Tribunal/Hearing
- 02 – Waiver
- 03 - Neither
- Blank - n/a

DISCIPLINE ACTION CODE	Description	DISCIPLINE PROCESS CODE	Descriptions

DUAL LANGUAGE IMMERSION (DLI)

DUAL LANGUAGE IMMERSION (DLI) indicates that the student is participating in a dual language immersion program where the student spends at least half of their school day in the target language and the other half day in classes taught in English. Valid values are "Y" indicating that the student is participating in a DLI program or "N" indicating that the student is not participating in a DLI program. If the student is participating in DLI, then at least one course must have a language code entered for the data element **IMMERSION LANGUAGE** in Student Class.

ENDING DATE

ENDING DATE is the date service terminated for the student in the reported program. This is reported when a student is removed from a program identified in the Program level record or the student withdraws from the current school. An **ENDING DATE** is required for all program types. If service has not ended, date can default to the last day of school for the current year.

ENGLISH LEARNER (EL)

ENGLISH LEARNER (EL) indicates whether the student has been identified as having limited proficiency in English (**ENGLISH LEARNER (EL) = 'Y'**). **EL** students are frequently in the state funded ESOL program if such a program exists in the school, but they are not necessarily participating in the ESOL program. All ESOL program students must be coded **ENGLISH LEARNER (EL) = 'Y'**. If **ENGLISH LEARNER (EL) = 'Y'**, the **STUDENT PRIMARY LANGUAGE** cannot be English (008).

Some students that have limited proficiency in English may not be in a state funded ESOL program. For these **EL** students, a **NON-ESOL** reason must be reported.

Once a student has tested out of the **ENGLISH LEARNER** program, the student is monitored for 2 years to ensure that the student no longer requires **ENGLISH LEARNER** services.

EL Code	Description
Y	The student has limited English proficiency.
N	The student does not have limited English proficiency.
1	First year out of EL Program; monitored year one.
2	Second year out of EL Program; monitored year two.
3	No longer EL; no longer monitored; tested out of EL 3 years ago.
4	No longer EL; no longer monitored; tested out of EL 4 years ago
F	Former EL Student – no longer monitored
I	Student incorrectly reported as 'EL'.

FAQ:

1. **STUDENT PRIMARY LANGUAGE** cannot be '008' - English.
2. The first full year a student is out of the **ENGLISH LEARNER** program, the student is marked **ENGLISH LEARNER (EL) = '1'**.
3. The second full year that a student is out of the **ENGLISH LEARNER** program, the student is marked **ENGLISH LEARNER (EL) = '2'**.
4. After two years of monitoring, the student should be reported with **ENGLISH LEARNER (EL) = '3'** (No longer **EL**; no longer monitored; tested out of **ENGLISH LEARNER (EL)** 3 years ago); the next year, **ENGLISH LEARNER (EL) = '4'** (No longer **EL**; no longer monitored; tested out of **EL** 4 years ago).
5. After 4 full years out of the **ENGLISH LEARNER** program, the student would be reported with **ENGLISH LEARNER (EL) = 'F'** (Former **EL** Student) for all subsequent years.

- If the student was incorrectly report as an **ENGLISH LEARNER** in the past and was never qualified as an **ENGLISH LEARNER**, report the student with **ENGLISH LEARNER (EL) = '1'**.

ENVIRONMENT CODE

ENVIRONMENT CODE indicates the type of residential environment in which a student resides or the type of school the student attended at any time during this school year at this school. Enter data only for those students for whom one of the codes below apply. For students where codes do not apply, leave blank.

Note: The total number of homeless students is the combined student count for **ENVIRONMENT CODE '3'** and **'4'**.

ENVIRONMENT CODE	Description
1	Resides in an institution for neglected youth (RTF and/or SB618 facility) and attends school at the facility
2	Resides in an institution for delinquent youth (RTF and/or SB618 facility) and attends school at the facility
3	Is homeless
4	Is a homeless unaccompanied youth
6	Resides in a publicly funded residential center and attends school in the LEA
7	Resides in a privately funded residential center and attends school in the LEA
Blank	Not Applicable

ESOL

ESOL indicates whether the student is enrolled in the state funded ESOL program at any time during this school year at this school. By definition, all **ESOL** students have limited proficiency in English. Therefore, all **ESOL** students must be reported with **ENGLISH LEARNER= 'Y'**.

ESOL Enrollment Code	Description
Y	Student was enrolled in ESOL this school year.
N	Student was not enrolled in ESOL this school year.

ETHNIC HISPANIC

ETHNIC HISPANIC is a code that indicates the ethnicity of a student. The code is used to identify a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. **ETHNIC HISPANIC** must be 'H' (Hispanic) or 'N' (not Hispanic) for all students.

Valid codes are:

Code	Description	Includes
H	Hispanic	Person is of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term "Spanish Origin" can be used in addition to "Hispanic/Latino or Latino."
N	Not Hispanic	Not of this ethnicity.

FAQ:

- The *ethnicity* indicator is separate from the *race* indicators. If an individual identifies more than one race, and flags **ETHNIC HISPANIC = "H"** (yes), the student is counted as Hispanic

EVENT CODE

The **EVENT CODE** indicates the type of special education event that occurred for a student. Some codes apply to both regular and special education students. Others apply only to special education students as identified by the student's **PRIMARY AREA**. Students may have multiple events reported each school year; however, students should not have more than one of each event code reported from a school within the same school year. The exception for reporting multiple events occurs when a student re-enters the special education program following a '09' or '10' event or is not placed in Special Education initially but is reconsidered within the same school year.

**Private school special education students with service plans are not reported in Student Record unless they are publicly enrolled at any point in the school year. See the Special Education level file layout for detail.

For new special education students, report all initial events (02-06). If a student is made eligible as a child with a disability (SWD) late in the school year and services do not begin until the following school year, report events 02-05 in the school year during which the events occur. Do not report a Primary Area for these students. A student is not considered to be a SWD until services are initiated. Report the Initiation of Services, **EVENT CODE** = '06', in the following year when services are initiated. Also, report a **PRIMARY AREA** during that reporting year. For existing students with disabilities report the Annual IEP Review (07) and/or Reevaluation (08, 15) if applicable.

EVENT CODE	Description	
'01'	Babies Can't Wait Notification	
'02'	Parent Consent to Evaluation	
'03'	Initial Evaluation	
'04'	Initial Eligibility Determination	
'05'	Initial IEP Meeting	
'06'	Initiation of IEP Services/Transition Service	Events '06' - '10', '14', '15': Student must have PRIMARY AREA reported.
'07'	IEP Annual Review	
'08'	Reevaluation	
'09'	Special Education Exit	
'10'	Parent Revoked Consent	
'11'	Student Not Eligible for Initial Placement	
'12'	Parent Refused Initial Placement	
'13'	District Verified That Student was Incorrectly Reported as SWD in a Prior Year.	
'14'	Parental Consent for Provision of Special Education and Related Services	
'15'	Reevaluation Waiver	

Note: Student should not have more than one of each initial **EVENT CODE** (events '02', '03', '04', '05', and '06') reported for a school within the same school year, unless student re-entered program following '09' or '10' event. A student may also have multiple initial placement events if the student was found not eligible initially (event '11') or was found eligible and the parent refused to have the student served (event '12').

Note: **EVENT CODE** '13' should only be used to correct misreporting of a student as SWD in a *prior* year. **EVENT CODE** '13' is intended to be used for misreporting in a prior school year, not the current school year. Current SWD data that was incorrectly reported should be deleted. **This event will require an error comment before signoff.**

Definitions Related to Special Education Events

(For more detail, see the *Special Education Guidelines on the Student Record documentation website*).

- **Initial Evaluation/Eligibility Determination** – This process is used to determine if the student qualifies for services. Both the initial evaluation and initial eligibility determination are required before a student with disabilities may receive special education and related services. The initial evaluation and eligibility determination must be completed within 60 calendar days of receiving parental consent for evaluation except for cases outlined in board policy where the school system has 90 days to complete the evaluation, or cases where the district does not have to meet the timeline. These dates are reported as **EVENT CODE** '03' and '04', respectively.
- **Placement Events** – These events provide dates for the initial evaluation and placement process that must occur before special education and related services are provided to a student with disabilities. When reporting special education data, events '01' - '06', and '14' are considered placement events. These event dates do not change even if the student's **PRIMARY AREA** changes.

- Annual/Triennial Events – These events provide dates for ongoing evaluations and eligibility determinations required under IDEA. The annual review is the yearly process used to measure the student’s progress towards meeting the goals of the IEP. Each school district must ensure that a reevaluation occurs at least once every 3 years, unless the parent and school district agree that a reevaluation is not necessary. **EVENT CODE** ‘07’, ‘08’, and ‘15’ are used to report annual reviews and triennial reviews, respectively.
- Exit Events – These events provide dates for exit activity from the program. When a student continues to be enrolled in school, but is no longer eligible for special education, or the parent revokes consent, the activity is reported as an exit event. There are two exit events: ‘09’ and ‘10’. Report exit **EVENT CODE** ‘09’ when the student returns to general education, and report **EVENT CODE** ‘10’ when a parent revokes consent for placement.
- Babies Can’t Wait (BCW) Transition – The date of the BCW transition conference held no less than 90 days prior to the student’s third birthday. This date is reported as **EVENT CODE** ‘01’.
- Parent Consent to Evaluation – The date the district receives parent permission for an initial evaluation. This date is reported as **EVENT CODE** ‘02’.
- Initial IEP Meeting – This meeting date is to develop an IEP for the student and must be conducted within 30 days of determining that the student needs special education and related services. This date is reported as **EVENT CODE** ‘05’.
- Initiation of IEP Services/Transition Service – The date the student first receives special education services. This date is reported as **EVENT CODE** ‘06’.
- Events Reported for the Current Year – This phrase refers to the events reported for the current Student Record data collection. Student Record is an annual process that collects cumulative data for the current school year. The event date does not have to be in the current school year. It could be from a previous year. When the event is reported in the current year, it means the event (regardless of the event date) is reported in the current Student Record data collection.

EVENT DATE

This is the date of the event identified by the **EVENT CODE** in the Special Education level record. The format for the date is **yyyymmdd**. The **EVENT DATE** cannot be blank, and it cannot be a future date.

EVENT IDENTIFIER

A sequence number (or some local number) that uniquely identifies the event that caused disciplinary action(s) for one or more students. This identifier allows one or more students to be tied to a single incident in one or more records. The identifier is only required when more than one student is involved in an event. Numbers, letters, and combinations of the two are valid. Special characters, such as commas and asterisks, are not valid.

EXTENDED SCHOOL YEAR

EXTENDED SCHOOL YEAR indicate whether special education and related services were offered to a student with a disability beyond the normal school year of the Local School System (LSS)/State Operated Program (SOP), in accordance with the student’s IEP and at no cost to the parents of the student. **EXTENDED SCHOOL YEAR** may include a range of services offered during the summer or other days when school is not officially in session. Such services may include, but are not limited to, classroom instruction, home tutoring, transition, provision of related services, Saturday services, or assistance on skills that address specific goals targeted for ESY.

EXTENDED SCHOOL YEAR	Description
Y	Special Education Extended School Year Services offered.
N	Special Education Extended Year Services were not offered.

FINE ARTS DIPLOMA SEAL

The **FINE ARTS SEAL** indicates the student has completed all the requirements for the **FINE ARTS SEAL**. A diploma seal is recognized by employers and post-secondary institutions as an indicator that the student has achieved a higher level of proficiency in one of the diploma seal areas. A student can earn more than one seal. Not all students who graduate will earn a seal. Cannot be blank when **WITHDRAWAL CODE** = 'G'.

FISCAL YEAR (Key Element)

FISCAL YEAR is the year of record for the current Student Record data collection.

FREE & REDUCED-PRICE MEAL ELIGIBILITY

FREE & REDUCED-PRICE MEAL ELIGIBILITY indicates the most recent free or reduced meal status for a student. A student's status may change during the school year. For example, a student may be classified as eligible for free meals at the beginning of the school year but may become a paid student by the end of the school year. In this case, the student would be reported as **FREE & REDUCED-PRICE MEAL ELIGIBILITY** = 'N' (a paid student) in Student Record.

NOTE: Each student must be coded individually unless **FREE & REDUCED-PRICE MEAL ELIGIBILITY - SPECIAL PROVISION** = 'Provision II Both' or 'CEP' for the school in the Free or Reduced data collection, indicating the entire school is eligible for free meals.

Code	Description
F	Student was determined eligible for the Free meal program.
R	Student was determined eligible for the Reduced-price meal program.
N	Student was determined not eligible for Free or Reduced-price meal program during the school year.
Blank	Student at special assistance school and not flagged

GENDER

The **GENDER** code identifies the student's gender. Valid values are: 'F' = Female or 'M' = Male. Check the gender entered on the registration form.

GEORGIA TEST IDENTIFIER (GTID)

GEORGIA TEST IDENTIFIER (GTID) is the identification number assigned to each student that uniquely identifies the student. Students transferring between districts should already have a **GTID**. Only generate a new **GTID** if it has been verified the student has never been given a **GTID** while enrolled in a Georgia public school. When maintaining student identification data, verify that the **GTID**, student names and **DATE OF BIRTH** reported in Student Record match the information in the **GTID** database, called **GUIDE**. This ID should be used to report all a student's records (FTE, Pre-ID, SR) throughout a school year and throughout his/her public education years in the Georgia public school system, including programs like Babies Can't Wait and the Ga Pre-K Program. There are many validations checks on the **GTID** including checks to make sure that all students reported as active in FTE also have a SR Student record, and all SR Students have a SR Enrollment record. Additionally, to verify that the records sent in SR are for the correct student, checks are done to validate the student's names and **DATE OF BIRTH** in SR and in **GUIDE**.

GIFTED ELIGIBILITY CODE

INCIDENT DATE

The **INCIDENT DATE**, entered for each Student Safety record, must be between the beginning and ending school year dates for that specific school. For Student Safety-related records, the date should be the date recorded in the student's file. Incident dates should pertain to the current school year only. Summer school entries should NOT be included. See the USCO section for instructions on reporting specified student discipline incidents.

INCIDENT NUMBER

INCIDENT NUMBER is a unique number that identifies the event that resulted in a student being charged with one of the **INCIDENT TYPES** or being disciplined by one of the **ACTION CODES**. The **INCIDENT NUMBER** is composed of the letter 'E' and a three-digit number. The three-digit number is the counter (from 001 to 999) for each event for which a student was charged. In the other types of records, System-Level, School-Level, Student, Course, and Enrollment records, this counter is called the **RECORD TYPE**.

The event corresponds to either an **INCIDENT TYPE** or **ACTION CODE**. Every student that has any reportable incidents or actions will have an **INCIDENT NUMBER** of E001. Each event that occurs throughout the year should be numbered consecutively for each student starting with **INCIDENT NUMBER** E001 and continuing up to E999. A single event may include multiple incidents or multiple actions. For further explanation, see the Data Element Detail for **DATA TYPE INDICATOR**.

DATA TYPE INDICATOR is equal to '1', unless all the following conditions apply:

- Another record with the same "key" information exists.
- The **DATA TYPE INDICATOR** of the other record is '2' or '3'.
- The **INCIDENT TYPE** is not 'Other', or **ACTION CODE** is not 'Other Action for a Serious Incident'.

INCIDENT TYPE

INCIDENT TYPE identifies the types of infraction for each incident. A definition for each **INCIDENT TYPE** is listed below. See Student Safety record layout for matrix of valid combinations for the reporting of the **DATA TYPE INDICATOR, INCIDENT TYPE, CONTEXT AND LOCATION,** and **ACTION**. Federal requirements mandate reporting student safety incidents for students age 3 through 21 who were subject to any kind of disciplinary action during the school year.

Note: Do not use **INCIDENT TYPE** '24', '30', '31', '33', or '34' together with **ACTION CODE** '80' (Other Discipline Action). This creates an ambiguous record that does not meet state reporting requirements

INCIDENT TYPE	Description
00 - Continuation of Incident	An entry of "00" for an INCIDENT TYPE code is acceptable only when the DATA TYPE INDICATOR is "3" indicating that an event with multiple actions for a single incident has occurred.
01 - Alcohol	Violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of intoxicating alcoholic beverages or substances represented as alcohol, during the school year.
02 - Arson	Unlawful and intentional damage or attempted damage to any real or personal property by fire or incendiary device. Examples include firecrackers, fireworks, and trashcan fires if they are contributing factors to a damaging fire. 03 - Battery	Actual and intentional touching or striking of another person against his or her will, or intentionally causing bodily harm to an individual. For example, when one individual physically attacks or "beats up on" another individual. Includes an attack with a weapon or one that causes serious bodily harm to the victim. Includes the actual placement of a bomb or one sent through the mail, regardless of whether the bomb explodes. Administrators need to consider age and developmentally appropriate behavior before using this code.
04 - Breaking & Entering – Burglary	Unlawful entry into a building or other structure with the intent to commit a crime. This applies to school buildings or activities related to a school function.
05 - Computer Trespass	Unauthorized use of a computer or computer network with the intention of deleting, obstructing, interrupting, altering, damaging, or in any way causing the malfunction of the computer, network, program(s), or data.
06 - Disorderly Conduct	Any act that substantially disrupts the orderly conduct of a school function, substantially disrupts the orderly learning environment, or poses a threat to the health, safety, and/or welfare of students, staff, or others. If the action results in a more serious incident, report it in the more serious incident code. Administrators need to consider age and developmentally appropriate behavior before using this code.
07 - Drugs, Except Alcohol and Tobacco	Unlawful use, cultivation, manufacture, distribution, sale, purchase, possession, transportation, or importation of any controlled drug or narcotic substance, or equipment or devices used for preparing or using drugs or narcotics. Includes being under the influence of drugs or substances represented as drugs. Code includes over-the-counter medications if abused by the student. Code does not include tobacco or alcohol.
08 - Fighting	Mutual participation in a fight involving physical violence where there is no one main offender and no major injury. * Note: Where the student is part day one program and part day special ed, choose the code that represents the non-special ed portion. EX: If the student is part day Georgia Pre-K and part day special ed, then choose

'05' Georgia Pre-K for any child attending the lottery funded program, regardless of whether they are receiving Spec Ed services.

The same is true for the other programs:

- Choose the code of 07/08 if not in either the Pre-K or Head Start programs and they are being serviced by Spec Ed. There are a small number of blended programs in Georgia.

The program director for each of the blended programs would know if they are one of those programs. In cases where the students are not associated with the district (Head Start private grantee and no classes in district), but are receiving special ed services from the district, report the student in FTE 1 for the federal child count only. *These students would not be reported in Student Record if they are not enrolled in the district.*
