

Did you know you can add data to Statewide Longitudinal Data System (SLDS)?

Sandra Metts
SLDS Trainer
smetts@doe.k12.ga.us

Text or Email

- 404-293-7346
- smetts@doe.k12.ga.us

WHY?

- Questions
- Requests
- Suggestions
- Comments

Areas of Focus:

- The value of Gifted Eligibility, EL Screener, Local Assessment Data, GOIEP, LOR, PBIS, and MTSS applications in SLDS.
- Additional data entry applications inside of SLDS
- WHY there is value in using these various applications

Gifted Eligibility

- **Gifted Eligibility** - application provides an online method for submission and validation of student(s) into the Gifted Eligibility program.

EL Screener

The **EL Screener application** allows Georgia districts to enter English language proficiency screener scores for students in Grades K–12 and determine whether those students qualify for ESOL services.

It was developed at the request of and in collaboration with ESOL staff in various Georgia districts to assist with the identification of students as English learners as they move from one school or district to another.

None needed

Local Assessments

Local Assessments currently from 2 sources:

- Renaissance Learning (STAR Literacy, Reading, Math)
- NWEA MAP – Measure of Academic Progress

Note: STAR & MAP belongs to the student; therefore, when a students move from school district A to school district B, the STAR & MAP data follows the student to district B. Even if the receiving school district does NOT use either STAR or MAP

TestPad

TestPad allows teachers and administrators to create their own multiple choice and constructed response items and reading passages, align them to standards, and deliver them to students online through the SLDS Student Portal.

Items, tests, and passages can be shared in a public bank among teachers within the same school, and among administrators within the same district.

Student and Parent Portal

<https://www.gadoe.org/Technology-Services/SLDS/Documents/Parent/Parent.htm>

The screenshot shows the Student and Parent Portal interface. At the top is a navigation bar with links: Home, Performance, Resources, Testing, Keenville, My Career Plan, and Logout. Below the navigation bar, the student's name is displayed as "Student: Bennett, Johnson". The main content area features six large, colorful buttons representing different sections: Performance (yellow), Resources (red), Testing (yellow), Keenville (yellow), My Career Plan (teal), and Logout (teal). Each button contains an icon and a title. Below each button are two smaller buttons: "Video" (with a play icon) and "User Guide". The Keenville button is labeled "1st & 2nd Grade Only" and the My Career Plan button is labeled "6th thru 12th Grade Only". At the bottom center, there is a large "Start Here" button with a "Video" button below it.

TKES / LKES

The TLSD Electronic Platform is available for principals, teachers, and contributing professionals to use as part of the Teacher and Leader Keys Effectiveness System inside the SLDS Platform.

TKES / LKES

TKES/LKES now in SLDS

The GaDOE TLSD Electronic Platform can be accessed through the GaDOE Statewide Longitudinal Data System (SLDS). The User Guides tab provides detailed instructions for both teachers and evaluators to utilize the platform to effectively complete the TKES process.

CLIP / SIP

The Consolidate LEA Improvement Plan / School Improvement Plan applications provide the ability to develop both a District Plan (CLIP) and School Plan (SIP). What a user sees will be solely based on the level of access that was “provisioned” to them by their District’s “Profile Manager”. The level of access is managed by the District and can be changed/edited at any time. For example, a Principal can work with the District Plan for a period of time and then be “RE-provisioned to work on their School Plan. This can work the opposite way too.
