## Guide Home

The purpose of the Georgia Unique Identifier for Education (GUIDE) is to be able to assign each student in the state of Georgia a unique student ID that will stay with the student.

**There are two ways to obtain an ID:**

**1. Add Single Student**

This method allows the District to submit a single student's information and to obtain a unique ID for the submitted student. This function is not available to users with "Read-Only" access to GUIDE.

**2. File Upload (Claims)**

This method allows the sending District the option of sending a large batch of student information in order to assign each student a unique ID. Remember here that District should send the file for students who have a change in key elements and not all of the students.

For support or suggestions, please contact the Helpdesk at: [dticket@doe.k12.ga.us](mailto:dticket@doe.k12.ga.us)
